

*Team Tenable-*

*We have always operated this company with transparency. In our industry, in our work lives, in our personal lives and through good times and bad, I have always believed in straight talk.*

*Recently, I have been diagnosed with a very treatable form of cancer. I will begin treatment the first week of April and will need several weeks for treatment and recovery. I understand that this may come as a shock to many of you. It came as a shock to me and my family. My prognosis is excellent and I am receiving world-class care. Those who know me well, know I can be a stubborn and tough son of a bitch. This is no exception. I expect to complete my treatment before the summer.*

*I will remain engaged and working at Tenable. That said, I will be operating on a modified schedule. You can expect a bit less in person and a bit more online, but rest assured, I will still be very engaged and as annoying and persistent as ever. We have work to do. I have full confidence in our capable leadership and the One Tenable team to keep driving us forward. We have an incredible opportunity in front of us. I need each and every one of you to drive the business with continued urgency as I will remain as impatient as ever. We have the products, we have a great vision, we have customers that rely on us and we have incredible momentum.*

*I appreciate your understanding and support. Your well wishes mean a lot to me. I will be taking the advice I often give to others ... focus on the things that matter most. For me, that is my health, my family and my Tenable family. I am grateful for you all.*

*Thank you for your dedication and commitment.*

A handwritten signature in black ink, appearing to be the name 'Amit' written in a cursive, stylized font.
